## Workplace Evacuation

### Employee Training: How and When to Evacuate Safely

Is "Run for Your Life" your company's evacuation plan? SL City Fire, Deputy Chief C.J. Lawrence and SL City Emergency Manager, Mike Stever present workplace evacuation planning techniques that assist the planner in developing an emergency exit policy. Trained employees will know how to leave, what to take with them and where to meet for safe evacuation.

Registration is FREE <http://des.utah.gov/training/schedule.htm>

## The Pandemic: Preparing your Business

**Gary L. Edwards, M.S. – Executive Director, Salt Lake Valley Health Department**

Registration is FREE <http://des.utah.gov/training/schedule.htm>

Recent estimates predict that up to 40% of our workforce may not be able to perform their normal business operations due to personal illness or needing to remain at home to care for a sick family member. How would your business be impacted if close to half of your employees could not work for 2-4 weeks or more due to a pandemic outbreak? Business owners and managers will benefit from expert information on what you can do to better prepare your staff, family and business operations against a pandemic outbreak.

DATE:  
TIME:  
LOCATION:

**Thursday, August 24, 2006**

8:30 – 10:30 a.m.
